DETAILED ACTION

Claim Rejections - 35 USC § 112

1. Claims 20 and 25-35 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claim 20, lines 6, 10, the phrase "service point" is not present from the descriptive portion of the specification nor drawings and is not clear as to its meaning.

Claims 28 and 32 contain similar instances as noted above.

Support for each noted phrase must be clearly pointed out to obviate this rejection. Applicant's August 7, 2006 REMARKS have been reviewed, but are not convincing. Neither Figure 91, nor the associated descriptive portion of the specification describe a service point. Thus, the meets and bounds of such is not clear.

2. Claims 20 and 25-35, as understood, are rejected under 35 U.S.C. 103(a) as being unpatentable over Kawanabe et al., US 6,388,758.

Kawanabe discloses, e.g. Fig. 34, an on-line shopping method for determining the amount of consumable printing agents, e.g. 34, a server, e.g. 23, receiving the status, e.g. status REQUEST, thereof. Kawanabe does not disclose a service point or a consumable trader. However, as understood, service points and consumable traders are common knowledge in the on-line shopping printing art. To have provided such for Kawanabi would have been obvious to one of ordinary skill in the art.

Art Unit: 3627

Applicant's August 7, 2006 REMARKS have been reviewed, but are moot in light of the new grounds of rejection.

Applicant's attempt at traversing the Official Notice findings as stated in the April 6, 2006 Office Action is inadequate. Adequate traversal is a two step process. First, Applicant must state their traversal on the record. Second, and in accordance with 37 C.F.R. § 1.111(b) which requires Applicant to specifically point out the supposed errors in the Office Action, Applicant must state why the Office Action statements are not to be considered common knowledge or well known in the art.

In this application, Applicant has clearly met step (1) as traversal of Official Notice has been taken. Second, Applicant has failed step (2) since they have failed to argue why the Official Notice statements are not to be considered common knowledge or well known in the art. Applicant did not affirmatively state why such common knowledge is not known. Because Applicant's traversal is inadequate, the Official Notice, e.g. common knowledge, statements are taken to be admitted as prior art. See, MPEP § 2144.03.

Conclusion

3. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, THIS ACTION IS MADE FINAL. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

Art Unit: 3627

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
